

# New In Connect 2.8

## Enhancements

- FB 334** It is now possible to book an activity that requires the selection of resources from more than one group, for example, tennis lessons that need the booking of an instructor as well.
- FB 389** Connect is now fully functional when JavaScript is turned off in a user's web browsers.
- FB 443** It is now possible to register as an under 16 or over 60 for free swimming from the Connect login screen.
- FB 442** It is now possible to register as an under 16 or over 60 for free swimming from the Connect login screen.
- FB 450** It is now possible to identify which courses a member can book into after the start of the course. For example, it is possible to prevent members booking into courses charged a single fee while allowing them to book after the start of the course where it is charged at a weekly rate.
- FB 451** The Login screen has been improved so the Online registration link is clearer. The date, navigation arrows and key images have been updated on the Booking sheet.
- FB 377** The activity description and selected resources are displayed on each of the booking pages.
- FB 134/136** It is now possible to move and cancel a density booking.
